PROFESSIONAL SUMMARY

I am a software developer with a strong foundation in web development and programming. I enjoy building responsive web applications using HTML, CSS, JavaScript, and React.js. I have hands-on experience working on frontend projects, implementing CRUD functionality, and understanding basic backend concepts. I am continuously improving my problem-solving skills and learning new technologies. I am looking for an entry-level role in web or software development where I can grow and contribute.

TECHNICAL SKILLS

Web Technologies: HTML5, CSS3, JavaScript (ES6+), React.js

Frontend Concepts: Responsive Design, UI/UX Principles, Component-Based Architecture

Backend Basics: REST APIs, SQL, Basic Backend Logic

Programming Languages: Python, C, C++

Tools & Platforms: VS Code, Git, GitHub, MySQL

PROJECTS

Employee Management System | React.js Web Application | GitHub | Live

- Built a responsive employee management web application using React.js.
- Implemented CRUD operations to manage employee records efficiently.
- Used React Hooks (useState, useEffect) for state and lifecycle management.
- Developed reusable components to improve scalability and maintainability.
- Designed clean and user-friendly UI using HTML5 and CSS3.

Movie Discovery Web Application | JavaScript Project | GitHub | Live

- Developed a dynamic movie information website using vanilla JavaScript.
- Displayed trending, top-rated, and upcoming movies with responsive layouts.
- Focused on performance, interactivity, and clean UI/UX.

Food Delivery Website | Frontend Web Application | GitHub | Live

- Created a fully responsive food delivery web application.
- Implemented interactive menus and dynamic cart functionality.
- Simulated real-world online food ordering workflow.

Sports Car Showcase Website | Frontend Project | GitHub | Live

- Designed a visually engaging landing page for a sports car brand.
- Implemented responsive layouts and modern UI components.

EDUCATION

Master of Computer Applications (MCA)

RBS Management Technical Campus, Agra

CGPA: 6.86 | 2022 – 2024

Bachelor of Computer Applications (BCA)

Raja Balwant Singh College, Agra

CGPA: 6.50 | 2018 – 2022

PROBLEM SOLVING

- Solved **240+ DSA problems** on GeeksforGeeks.
 - Practiced problem solving on HackerRank and InterviewKit.
-

CERTIFICATIONS

- Python – Master the Basics of Programming | Udemy
 - SQL (Advanced) | HackerRank
 - JavaScript Projects for Beginners | Udemy
-

EXTRACURRICULAR

- Volunteer Web Development Instructor (Online).
- NSS Member.
- Interest in creative design and sketching.
